**Provider Access  
Statement  
2022 - 2023**

# Provider Access Statement

## Introduction

This document sets out SEC's arrangements for managing the access of providers to students at the college, to ensure they are able to obtain information to support them in making informed choices regarding their educational and career progression. This complies with the College's legal obligations under Section 42B of the Education Act 1997.

## Students entitlement

All students are entitled:

- to find out about technical education qualifications, traineeships apprenticeships and Higher Education opportunities, as part of a careers programme, which provides information on the full range of progression options available at each transition point;
- to access providers through events, workshops/programmes, trips and guest speakers;
- to understand how to make successful applications for the full range of educational opportunities available to them.

## Management of provider access requests

### Procedure

A provider wishing to request access should contact the Careers Team.

Telephone: 0345 52 12345

Email: [careers@southessex.ac.uk](mailto:careers@southessex.ac.uk)

## **Opportunities for access**

SEC offers a comprehensive Careers Education, Information, Advice and Guidance programme. An overview of this programme can be viewed on the careers section on the Colleges website.

Please speak to our Careers Team to identify the most suitable opportunity for you.

SEC will organise a suitable date and time between the provider and students, as appropriate to the activity. The College will ensure all equipment is accessible for the provider to support them with the delivery of their activity. This will all be discussed and agreed in advance of the visit with the Careers Team or a suitable member of staff within the college.

Providers are welcome to leave a copy of their prospectus or other relevant literature with the Careers Team, so they can be displayed in the Careers Section at each suitable campus.

## **Review and Publication**

This Access Statement will be reviewed annually as part of the College's SAR process and published on the College website.
